

WHO WE ARE

Belmont is a regenerative organisation bringing together people, places and projects to create environmental and societal change through nature recovery, climate action and community connection.

At Belmont, we are rewilding and rewetting landscapes, restoring peatlands, replanting native woodlands and rejuvenating rivers. Through organic farming and our award-winning nature connection programme, we are connecting people to nature, food and one another to inspire everyone to become part of this movement for change.

OUR THREE PILLARS

We are seeking to scale meaningful impact throughout our three integrated core areas of operation:

1

NATURE RECOVERY

2

CLIMATE MITIGATION

3

COMMUNITY

PILLAR 1

NATURE

- We are **restoring** the natural processes that underpin our world
- We are farming **organically** and **regeneratively**
- We are **rewilding** landscapes
- We are **re-meandering** rivers
- We are creating native **woodlands**
- We are reintroducing lost **wildlife**

50%

THE UK HAS LOST HALF OF IT'S BIODIVERSITY SINCE THE 1970S, YET OUR VERY EXISTENCE AS WELL AS COMMERCIAL SUCCESS AND SOCIETAL HEALTH DEPENDS ON NATURE.

PILLAR 1

NATURE RECOVERY UNITS

- Nature Recovery Units are a creation by Belmont to secure 9m2 of a period of 30 years. Each unit will be uploaded and secured on a national voluntary register to show the commitment between you and Belmont to improve our nations biodiversity for generations to come.
- Nature Recovery Unit – Certified by Conservation Covenant (TBC)

PILLAR 2

TREE SPONSORSHIP

In addition to Nature Recovery Units, we offer the chance to support landscape recovery and creation through a regenerative woodland project at Aberader in Scotland.

PILLAR 2

CLIMATE

- We are restoring **peatlands**
- We are creating woodlands through a mix of natural generation and native **tree planting**
- We are involved in nature-based **climate projects** across the UK
- We also work with **local communities** to deliver non-domestic carbon abatement and sequestration

68%

THE UK HAS SET CARBON EMISSIONS
REDUCTION TARGETS OF 68% BELOW
1990S LEVELS BY 2030.

PILLAR 2

SCOTTISH CARBON

- Aberarder, owned by Belmont has two carbon projects that focus on sequestering and abating carbon as well as nature recovery
- Woodland Creation Credit – Certified by Woodland Code (TBC)
- Peatland Recovery Credit – Certified by Peatland Code
- **Woodland Carbon VCU**
- **Peatland Carbon VCU**

PILLAR 1

CARBON ABROAD

- Belmont has partnered with multiple projects around the world to deliver high integrity, certified carbon credits
- Project Mt Elgin Credit – Certified by Plan Vivo
- Project Indonesia Credit – Certified by VCS
- Project Deki Credit – Certified by CCP & Gold Standard
- Project Mt Elgin VCU
- Project Indonesia VCU
- Project Deki VCU

PILLAR 3

COMMUNITY

- We educate **thousands of people for free**
- We create **communities** through volunteering opportunities
- We bring people together to **reconnect** with food and where it comes from
- We generate local **employment**
- We **upskill** communities to meet the challenges of the future

IN OUR SO-CALLED
CONNECTED WORLD,
WE SEEM TO BE EVER
MORE DISCONNECTED.

OUR WORK BUILDS COMMUNITIES
AND ENCOURAGES A FUNDAMENTAL
RECONNECTION TO NATURE, FOOD
AND EACH OTHER.

PILLAR 3

NATURE CONNECTION

Set within our rewilding project at Watercress Farm, our free nature connection programme offers people of all ages a unique insight into the natural world.

Unlike traditional education, our programme focuses on connection with nature. From the exploration of our land and wildlife, to the unrestrained joy of self-discovery and collaboration through play.

- **Nature Connection - NPS Score TBC**
- **Nature Connection Hour**

PILLAR 3

VOLUNTEERING

As part of Belmont's commitment to bettering our communities, Belmont hosts immersive volunteering opportunities within the community and nature.

Taking a full day to litter pick, tree plant or improve parks for locals we organise the day from start to finish, including lunch and refreshments.

- Volunteering Opportunity – Average NPS Score 87
- Volunteering Opportunity

PILLAR 3

EVENTS

Our events span multiple sectors:
Meet and collaborate with like-minded
organisations at a range of networking and
partner-only events throughout the year.

It's also important to take time away from work
to connect, so why not join us in your free time
with friends and family for screenings, dinners
and events in the Walled Garden at Belmont.

PILLAR 3

PRIVATE HIRE

Members and partners have access to private
hire of our event spaces at Belmont Estate and
Watercress Farm, a distinctive setting for client
entertainment, team away days and special
events.

AN OPPORTUNITY

...for your team to feel part of something special
ambitious nature recovery and regenerative projects, to be experienced
in whatever form suits you; through engaging social content, exclusive
events and experiences and volunteering, all helping you to attract talented
new hires should you look to grow your team.

AN OPPORTUNITY

...to break new ground for your brand

to show the market how a firm can break new ground to make a positive contribution to save the ground beneath our feet.

THE BELMONT EXPERIENCE

Members will have access to a rich calendar of exclusive experiences alongside our ambitious nature-recovery projects and nature education programme.

Partner firms will have the exclusive opportunity to book Belmont Estate too.
